JUST NEW HOMES

Welcome to RISE, an exclusive collection of six bespoke, ultra-efficient homes nestled in the historic village of Flaunden. This development offers a perfect harmony between old-world charm and modern design, featuring countryside views, garages, and workshops for each home. Designed with a keen eye for detail, these homes boast a designer specification that blends the traditional aesthetics of feather-edge timber with contemporary glass facades, perfectly in keeping with the character of the surrounding village.

These homes have been thoughtfully crafted to pay tribute to the past while embracing the future. Each property echoes the traditional black barns found in the farmlands around Flaunden, a village that traces its roots back to a Roman settlement. Set on the hillside, just 1.5 miles from the original riverside medieval cottages that once clustered around the historic manor, RISE has been named with this heritage in mind. The development's name, 'R1·5E,' symbolises the village's evolution over time and highlights the distance the village rose up the hill.

Part of a thriving conservation area community, Flaunden offers a busy village hall, playing fields, a children's play area, and two excellent pubs — the 17th-century Green Dragon and the 18th-century Bricklayers Arms. These establishments, with the Green Dragon's fascinating history and the Bricklayers Arms' multiple awards, enhance the village's charm.

At RISE, we have balanced tradition with innovation. Each home includes energy-efficient features like solar panels, ensuring a sustainable lifestyle without compromising on luxury.

**This rare development is not just a place to live;
it is a place to thrive.**
